

HOME AND SMALL OFFICE CCTV KIT

This SOHO Security Kit is the perfect all-in-one solution. The kit comes complete with a DVR and 4 cameras, and with its Plug & Play technology makes it very easy to set up. You can set specific times to record or attach it to your existing security system to record when an alarm or motion sensor is activated. This model can be attached to a PC monitor to view live feeds and can also be accessed from off site through a web browser. With its USB2.0 ports, it can even be backed up to a Hard Drive enclosure or a PC.
